Safeguarding and compliance

Supply you can trust

As a REC (recruitment and employment confederation) member and proudly part of the Twinkl Group, we ensure that when you put your trust in us, it's well placed. We prioritise the safety and development of young people in all the schools and settings we work with.

Our compliance procedures mirror the requirements of the Keeping Children Safe in Education (2023) and Working Together to Safeguard Children documents and we update our policies to reflect any annual changes.

To meet Safer Recruitment Standards as laid out by the DfE we ensure the following checks are in place:

- enhanced DBS and Update Service checks (run annually as appropriate), including the children's barred list;
- qualification checks, including TRA and sanctions/barring checks;
- medical fitness to work check;
- overseas police check (where applicable);
- verified proof of address;
- minimum of two written references, including last employer;
- right to work check and photographic ID check using government-backed IDSP;
- online checks;
- ensuring up-to-date safeguarding training has been completed within the last year and is updated annually in line with the KCSIE document;
- skills, qualities and expertise assessment via 1:1 interview in line with safer recruitment guidelines;
- teacher reference number;
- proof of qualifications.
