# Safeguarding and compliance

## Supply you can trust

As a REC (recruitment and employment confederation) member and proudly part of the Twinkl Group, we ensure that when you put your trust in us, it's well placed. We prioritise the safety and development of young people in all the schools and settings we work with.

Our compliance procedures mirror the requirements of the Keeping Children Safe in Education (2024) and Working Together to Safeguard Children documents and we update our policies to reflect any annual changes.

To meet Safer Recruitment Standards as laid out by the DfE we ensure the following checks are in place:

- enhanced DBS and Update Service checks (run annually as appropriate), including the children's barred list;
- qualification checks, including TRA and sanctions/barring checks;
- medical fitness to work check;
- overseas police check (where applicable);
- verified proof of address;
- minimum of two written references, including last employer;
- right to work check and photographic ID check using government-backed IDSP;
- online checks;
- ensuring up-to-date safeguarding training has been completed within the last year and is updated annually in line with the KCSIE document;
- skills, qualities and expertise assessment via 1:1 interview in line with safer recruitment guidelines;
- teacher reference number;
- proof of qualifications.

# FAQs

## Everything you need to know

### **How do you ensure the quality of the educators?**

All educators go through a comprehensive safeguarding and compliance process. This ensures that every candidate meets strict safety and professional standards, giving schools confidence in the quality and security of the staff they hire.

### **How does the platform work?**

Once registered, you can easily access your dashboard and create a job posting based on your needs. Our intuitive process guides you through defining the role's requirements, including qualification level, start date, year group, and subjects needed.

### **What type of educator can you place?**

We can place Teachers, Teaching Assistants, Early Years Foundation Stage Support (EYFS), Higher Level Teaching Assistant (HLTA), Cover Supervisor and SEND Support.

### **How quickly will we be connected with candidates?**

Once a role is posted, notifications are sent out to relevant educators in your area, and schools will be notified when suitable candidates apply. You can choose to select candidates manually or use our instant matching option.

### **How do we verify a candidate's qualifications?**

During registration, all candidates are required to provide their qualifications, which are verified as part of our compliance process. This ensures that only fully qualified educators are presented to your school.

### **How does Elevate save schools' time?**

For short-term or next-day roles, Elevate streamlines the process by immediately notifying available candidates, allowing you to fill roles efficiently and without the administrative burden.

### **Can we rebook the same teacher?**

Yes! You can add preferred educators to your "Favourite Teacher" list, ensuring they're the first to be notified whenever you post a new role.
